# THE RASP

Forget me not!
By Wm Boston

1st Ah, no! I'll not forget thee,
Though we are doomed to part;
But often will regret thee,
And miss thy loving heart.

2nd And as the sun is sinking,
Alone into the west,
I often shall be thinking
Of her I love the best.

3rd And as the stars at even
Come glistning down my sight
I'll kneel and pray to heaven
To guard thee love to-night

4th Oh! think not I'll forget thee,
Tho' were not easy done;
I'll love no other but thee
Thou art the only one.
