MTH-100 Intermediate Algebra (2 Credits)

A study of the real number system, linear equations and inequalities, and systems of linear equations and inequalities intended to better prepare the student for higher levels of mathematics. May not be taken after credit is granted for MTH 105 or above except for change of grade. 2 Semester Hours.

Requisites:
None
Locations:
Main Campus, Acadeum - College Consortium

View Available Sections for MTH-100

2024 Summer

MTH-100-S201
Intermediate Algebra
Runs from 7/8/2024 - 7/31/2024

Seats	Times	Locations	Instructors
6 / 20 / 0	7/8/2024 - 7/31/2024	Main Campus, Online ONLINE Online	Douglas Henry (**Online**)

MTH-105 College Algebra (2 Credits)

A study of exponents and polynomials, factoring, rational expressions, and quadratic equations intended to better prepare the student for higher levels of mathematics. May not be taken after credit is granted for MTH 140 or above except for change of grade. Prerequisite: MTH 100 with a grade of C- or higher, or satisfactory math placement. 2 Semester Hours.

Requisites:
Take MTH 100 with a minimum grade of C- or math placement of Level B. - Must be completed prior to taking this course.
Locations:
Main Campus, Acadeum - College Consortium

View Available Sections for MTH-105

2024 Summer

MTH-105-S201
College Algebra
Runs from 8/2/2024 - 8/25/2024

Seats	Times	Locations	Instructors
0 / 20 / 0	8/2/2024 - 8/25/2024	Main Campus, Online ONLINE Online	Douglas Henry (**Online**)

MTH-123 Elementary Statistics (4 Credits)

A study of measures useful in giving concise descriptions of masses of numerical data. A brief study of probability theory provides the basis for an introduction to methods of testing hypotheses and measuring the confidence with which conclusions may be drawn by sampling. Historical developments of statistics and probability will be explored as will applications in various fields. Prerequisite: MTH 100 with a grade of C- or higher, or satisfactory math placement. 4 Semester Hours.

Requisites:
Take MTH-100 with a minimum grade of C- or math placement of Level C. - Must be completed prior to taking this course.
Locations:
Main Campus, Acadeum - College Consortium

2024 Summer

MTH-123-S101
Elementary Statistics
Runs from 5/13/2024 - 6/30/2024

Seats	Times	Locations	Instructors
6 / 20 / 0	5/13/2024 - 6/30/2024	Main Campus, Online ONLINE Online	Eric Salmen (**Online**)

MTH-141 Calculus I (4 Credits)

A study of limits, continuity, differentiation, and an introduction to the indefinite and definite integrals. Includes applications to optimization problems, related rates and the Fundamental Theorem of Calculus. May not be taken after credit is granted for MTH 142 except for change of grade. Prerequisites: MTH 140 with a grade of C- or higher or satisfactory math placement for MTH 141. 4 Semester Hours.

Requisites:
Take MTH-140 with minimum grade of C- or math placement of Level D. - Must be completed prior to taking this course.
Locations:
Main Campus, Acadeum - College Consortium

2024 Summer

MTH-141-S101
Calculus I
Runs from 5/13/2024 - 6/2/2024

Seats	Times	Locations	Instructors
14 / 20 / 0	5/13/2024 - 6/2/2024	Main Campus, Online ONLINE Online	Gerald J. Wuchter (**Online**)

MTH-142 Calculus II (4 Credits)

A continued study of techniques and applications of integration and study of the calculus of infinite series, polar coordinates and parametric equations. Also includes an introduction to differential equations. Prerequisite: MTH 141 with a grade of C- or higher. 4 Semester Hours.

Requisites:
Take MTH 141 with a minimum grade of C- - Must be completed prior to taking this course.
Locations:
Main Campus, Acadeum - College Consortium
